**PROPERTY
OWNER'S
Hand Book**

Compliments of

Heaters

that warm

Ranges

that cook

Roofing

that protects

Spouting

that conveys

Roof Painting

that saves the roof and your money

WE have made these lines our study,
and are still studying — keeping
up-to-date.

We can and do care for this part of
property, promptly and properly, at
money-saving rates.

LADY OF THE HOUSE :—Nora, what in the world is the matter with the biscuits this morning? They are only half baked; they are awful.

NORA:—Shure, mum. If you will get a NOVELTY KITCHENER RANGE, Oi can bake thim beautiful; Oi niver could bake thim as foine in any other range.

LADY OF THE HOUSE :—I shall order a NOVELTY KITCHENER to-day; *all of our neighbors have them.*

The Care of Property

HAS lately come to its proper place,
and is being classed as one of the
professions which are being taught by
thorough training.

This will rid out the questionable
Real Estate men, and bring the profes-
sion to our motto,—“FAIR PAY FOR
EFFICIENT SERVICE AND SURE
RETURNS.”

FIRE, PLATE GLASS AND ACCIDENT INSURANCE
PROPERTY SOLD AND EXCHANGED
RENTS AND INCOMES COLLECTED
WILLS AND DEEDS DRAWN

WHEN YOU PAINT
YOUR HOUSE

Remember that it costs
less to use

LUCAS PAINT

because it spreads more
easily over a greater sur-
face and wears so much
longer.

Besides, it's better look-
ing and so thoroughly
satisfactory in every way.

Ask nearest dealer for
color cards and prices, or
send for booklet "How
to Paint," to

Race and Fourth Sts.

PHILADELPHIA

NEW YORK

CHICAGO

Legal Holidays.

New Year's Day—The first day of January.
Lincoln's Birthday—The twelfth day of February.
Election Day—The third Tuesday of February.
Washington's Birthday—The 22d of February.
Good Friday.
Memorial Day—The 30th day of May.
Independence Day—The Fourth day of July.
Labor Day—The first Monday of September.
Election Day.—First Tuesday after first Monday in November.
Thanksgiving Day, designated by the President of the U. S. or Governor, usually the last Thursday in November.
Christmas—The 25th of December.

Half-Holidays.

Every Saturday is a half-holiday.

Note—Whenever New Year's Day, Washington's Birthday, Independence Day or Christmas shall occur on Sunday, the following day, Monday, shall be a public holiday.

When the 30th day of May falls on Sunday, the day preceding it, Saturday, shall be observed as a holiday.

All bills of exchange, checks, drafts or notes falling due on any Monday so observed as a holiday shall be due and payable on the next succeeding secular or business day, and all Mondays so observed as holidays, for all purposes as regards the protesting and giving notice of the dishonor of bills of exchange, checks, etc., shall be considered and treated as of the first day of the week, Sunday.

All bills of exchange, etc., which by the terms thereof shall be payable on the first day of the week, Sunday, shall be payable on the next succeeding business day.

Rates of Postage.

Domestic.—On all letters throughout the U. S., 2c. for each ounce or fraction thereof. Postal cards 1c. each.

Transient newspapers, magazines or periodicals, 1c. for 4 ozs. or fraction thereof; other printed matter, books, circulars, corrected proof-sheets and manuscript copy accompanying the same, 1c. for each 2 ozs. or fractional part thereof, invariably prepaid by stamps. Manuscripts unaccompanied by proof-sheets, letter rates. Merchandise and all matter not liable to injure the mails, 1c. each oz. or fraction thereof, prepaid. Limit of weight, 4 lbs., except single books, which may weigh more.

Registry fee, 8c. in addition to regular postage.

If desired, carriers will register letters at the homes of the persons sending them.

Letters and other packages may be registered on payment of a fee of 8c.

Letters will be forwarded when one full rate is paid. All other matter must be fully prepaid.

Money can be sent with absolute safety by mail by procuring a Money Order.

Fairmount Park.

Note.—Hunting Park, 43 acres (not included).

The nucleus of Fairmount Park was the acquirement by the City of five acres of Morris' Hill at Twenty-fifth and Spring Garden streets, in June, 1812, for water works and park purposes. In 1828, by additional purchases of land, the Park contained twenty-eight acres. Subsequently the Lemon Hill estate was purchased in 1865, and was dedicated as Fairmount Park. In 1867 intervening ground was taken by the City. About the same time one hundred and forty acres of land, on the west side of the Schuylkill river, known as Lansdowne, above Girard avenue, at one time the country seat of Governor John Penn, was purchased. Within its boundaries were the colonial residences known as "Eaglesfield," "Sweet Briar," "Lansdowne," and "Solitude." Solitude is now occupied by the Zoological Gardens. In 1868, George's Hill, containing eighty-three acres, was presented to the City by Jesse and Rebecca George. Other lands on the east and west side of the river, and on both sides of the Wissahickon creek, up to what is known as "Indian Rock," were acquired by purchase and incorporated into the Park limits.

The Parks are connected at Girard avenue by a bridge of iron, which was opened for travel July 4, 1874. The house of William Penn, erected on Letitia street, near Front and Market streets, stands close to the western end of Girard avenue bridge, having been removed in 1883 and re-erected at the point mentioned.

Belmont Mansion, in West Park, was erected about 1745. It was formerly the home of Richard Peters, a representative in Congress and Judge of the United States Courts. Washington, Franklin, Rittenhouse, Robert Morris, Jefferson and Lafayette were frequent visitors at the home of Mr. Peters. On the East Park drive is "Mt. Pleasant," the former residence of Benedict Arnold, built in 1762; and west of Mt. Pleasant is "Rockland," built in 1810. North of Mt. Pleasant is "Ormiston," a country seat built prior to the Revolution, and near it is "Edgely," the original Laurel Hill.

Strawberry Mansion was formerly the country seat of Judge Hemphill.

The Wissahickon Drive, along the creek of that name, is full of traditional spots. "Hermit's Lane," "Hermit's Glen," "Hermit's Well," "Lover's Leap," "Washington's Rock," "Devil's Pool" and "Indian Rock" all having their stories and legendary romance.

Bureau of Building Inspection.

City Hall, North Wing, Rooms 313, 315, 317 and 319, East Corridor.

Issues permits for new buildings and additions—excepting such as are prohibited by law, and enforces laws as to construction of buildings.

Office hours:

Chief, 1.30 to 3 P. M.

Deputy Chief, 9 A. M. to 3 P. M.

Inspectors, Mondays and Thursdays, 2 to 3 P. M.

Members of Bureau appointed by Director of the Department of Public Safety:

Thos. R. Allen,
Harman M. Boorse,
Geo. W. Bourne,
William G. Button,
Edwin Clark,
Samuel H. Collom,
Paul J. Essick,
Edwin H. Hannum,

Manton E. Hibbs,
Robert C. Hill.
William J. Gillingham,
John H. Kessler,
Fred G. Myhlertz,
George W. Payne,
Charles D. Supplee,
Arthur T. Wadsworth.

Unlawful Acts.

It is unlawful to do or cause to be done, any building, enlarging or altering of buildings without first having secured a permit from the Bureau of Building Inspection.

It is unlawful to build or add to dwellings so that less than 144 square feet of the lot shall remain open and unobstructed by any overhanging structure.

It is unlawful to enclose a frame shed, the end of which is within five feet of another frame structure, unless the end be covered with fireproofing material; and not within three feet, unless the end shall be of masonry not less than nine inches thick, built from the foundation to and above the roof. Such sheds may not be lathed and plastered or lined with wood; the roof must be covered with fireproofing material; a space must be left between the roof and an overhanging bathroom, and the shed must not extend more than ten feet from the wall to which it is attached.

It is unlawful to place building materials on public street or road without a permit.

It is unlawful for anyone but a registered plumber to make any connection with any sewer, drain, soil or waste pipe, or any pipe connected therewith.

It is unlawful for any drainage or alteration of the same to be done other than according to plans and specifications approved by the House Drainage Bureau.

It is unlawful to allow snow to remain on sidewalks or in gutters, and a fine is imposed if it is not removed within six working hours after the storm ceases.

It is unlawful to allow a willful waste of water by falling to repair fixtures where waste is occurring.

It is unlawful to break the paving of a street without securing a permit therefor and paying charges.

It is unlawful to construct or maintain any privy well,

vault or sink for offensive matter within two feet of adjoining lot.

It is unlawful to place or maintain any cellar door, porch or steps which shall extend more than four feet six inches into any footway of any street of fifty feet wide or upwards, or a proportionate distance into any footway of any street of less width than fifty feet.

Cost of Permits for Street Openings, Material for Buildings, Vaults.

Building, per month.....	\$ 25
Vaults under sidewalks, receding 3 feet from the curb, per front foot	5 00
Vaults under sidewalks extending to curb, per front foot.	25 00
Breaking street paved with sheet asphalt.....	\$13 00
Breaking street paved with asphalt blocks.....	8 00
Breaking street paved with granolithic pavement.....	8 00
Breaking street paved with Belgian blocks.....	6 00
Breaking street paved with Macadam.....	6 00
Breaking street paved with vitrified brick.....	3 00
Breaking street paved with cobble.....	2 00
Breaking unpaved street.....	1 00
Tunneling as provided in Section 6.....	1 00

Five dollars in addition to above sums shall be paid for each application for permit to make new connections in paved streets between first day of December in any year, and first day of March in the following year.

Permits for water connections one dollar additional for each connection, includes a ferrule of most improved pattern, and driving same.

No permit shall be operative for more than two weeks from the date of its issue, but can be renewed upon payment of twenty-five cents.

For the erection of a building not over 30 feet high and not over 18 feet in width, containing 1600 square feet or less, \$3.

For the erection of a building not over 30 feet high and not over 18 feet in width, containing 2000 square feet or less, \$5.

For each additional story above 30 feet, and for each additional 100 square feet of ground covered, \$1 extra.

For installing heating apparatus in building in which none has ever been, \$1.

For installing heating apparatus in building where such has been, or for repairs or alterations, \$2.

For removing an old building when no permit is taken out for the erection of a new structure in place of the old, \$2.

For inspection of a building as to safety, \$10 if not over four stories, and \$1 for each additional story.

For fence views, \$3.

For inspection of frame shed and overhanging bathroom, \$1.

For inspection of bay or oriel window, \$2.

For erecting fire escape, \$1.

For attaching new fixture to drainage system or supply; \$1 for inspection, and balance of water rent for current year.

COST PER FOOT OF PROPERTY FRONT OF STREET IMPROVEMENTS.

Costs based on one-half width of roadway at the following rates:

Water-pipe	@ \$1.00 per foot.
Sewer	“ 1.50 “
Curb	“ .60 “

1876 2 05	1904 1 50
1877 2 25		

Discount on City Taxes.

One per cent. discount on bills paid during January, February and March.

After the last day of March a discount at the rate of 1 per cent. per annum on all bills paid on or before June 30. Beginning April 1 with $\frac{3}{4}$ of one per cent., and decreasing daily until June 30, when discount will be $\frac{1}{2}$ of one per cent. No discount or penalties on bills paid during July and August.

Penalties on City Taxes.

After August 31, 1 per cent.; after September 30, 2 per cent.; after October 31, 3 per cent.; after November 30, 4 per cent.; after December 31, delinquent.

To Calculate Delinquent Taxes.

Add 5 per cent, for penalty, to the tax as per assessment, and 15 cents for advertising. This is the face of the delinquent bill. One per cent. penalty is charged for each month thereafter until the sixth month. To this add interest at the rate of 6 per cent. per annum.

Water Rates and Charges.

Ordinance Approved July 27, 1901.

Air Compressors.

In doctors' offices, each..... \$2 00

Aquariums.

With attachment, each..... 3 00

Bakeries.

Bread, and bread and cake, in addition to dwelling charges, each 3 00

Cake and ice cream saloons, in addition to dwelling charges, each 3 00

Barber Shops.

With or without water, in addition to dwelling charges, each 3 00

Each additional basin or outlet, each..... 1 00

Attachment from main pipes, each..... 5 00

Bars.

With or without water, each..... 20 00

Bar Gutters.

With direct supply, each additional supply..... 15 00

Beer Motor or Pump.

Each 5 00

Basins, Sinks or Slop Sinks.

In private dwellings and apartment houses, kitchens excepted, each 1 00

In tenement and lodging houses, for general use, each.. 4 00

Basins or Sinks.

In stores, offices and factories, each..... 2 00

In hotels, boarding houses, schools, public buildings and halls, each 3 00

In stores, offices and factories with ½-inch attachment direct from City main, minimum charge, each..... 5 00

Baths, Hot and Cold, or Either.

In private dwellings, tenement and apartment houses, each 3 00

In hotels, clubs, hospitals and public bathhouses, each.. 6 00

Baths, Public Shower.

Each 5 00

Baths, Pools.

In private dwellings, per cubic foot capacity..... 06

In hotels, clubs, hospitals, public baths, etc., each 1000 cubic feet of water consumed..... 30

Bidets.

Each 1 00

Bottling Establishments.

In addition to charges for appliances, washing machines, one bottle capacity, each..... 2 00

In addition to charges for appliances, washing machines, more than one bottle capacity, each additional bottle capacity 1 00

Breweries.	
Each 100 barrels of product, additional openings regular rates	2 00
Brick Yards.	
Per gang of men.....	5 00
Building Purposes.	
Bricks, per thousand	05
Stone, per perch.....	02
Cellar Drainers.	
Provided that the water does not come from defective drains or leaky water-pipes, each.....	15 00
Cuspidors, with Attachment.	
Each	1 00
Distilleries.	
Each 100 barrels.....	2 00
Drug Stores.	
With or without water, in addition to dwelling charges, each	5 00
Each Basin or outlet, more than one.....	2 00
½-inch attachment from main pipe, each.....	5 00
Dwellings.	
Half dwellings, one room on a floor without hydrant or sink on premises, each.....	2 50
All other dwellings without hydrants or sink on premises, each	5 00
All dwellings with hydrant or sink, or hydrant in yard, with sink in kitchen, with hot and cold water, or either, each	5 00
Dye Works.	
Each tub used	5 00
Dye or Wool Washers.	
Each tank used.....	5 00

Stores, offices, manufactories, hotels, boarding houses, schools, halls, etc., with positive or syphon flush, each 5 00

Water Meters.

Rate per each 1000 cubic feet..... 30

Dwelling houses shall have but one water attachment. Stores (where there are a number in one building) and manufacturing establishments, when necessary, may have more than one connection.

The amount of the annual water rent by schedule rates for each and every ferrule connection charged to any premises shall not be less than the following minimum rates, except as provided by Ordinance of July 9th, 1897, entitled "An Ordinance to adjust claims for water rent," etc., and also, except as provided by Ordinance of June 21st, 1878, regulating the charges for charitable institutions:

½ inch Ferrule.....	\$5 00
⅝ inch Ferrule.....	16 00
¾ inch Ferrule.....	26 00
1 inch Ferrule.....	40 00
1¼ inch Ferrule.....	62 50
1½ inch Ferrule.....	90 00
2 inch Ferrule.....	160 00
3 inch Ferrule.....	360 00
4 inch Ferrule.....	640 00
6 inch Ferrule.....	1440 00

For purposes not specified in the foregoing rates, and for peculiar and extraordinary purposes, the rates and conditions for the use of water shall be by special permit, as directed by the Chief of the Bureau of Water.

The Director of the Department of Public Works is authorized and empowered to place meters on all and every premises where City water is consumed, when formally requested by the owner or owners thereof; or, upon any premises, except private dwellings, where there is an excess of water used beyond that charged for by fixture or ferrule rate, and no meter shall be removed from any premises except upon notice being given to the Chief of the Bureau of Water on or before the thirtieth day of November in any year, and upon failure to give such notice the premises shall be chargeable by meter rates for the whole of the next ensuing year. All charges for water by meter, except for charitable institutions, as hereinafter stated, shall be at the rate of thirty (30) cents per one thousand (1000) cubic feet, but in no case shall the amount for the entire year be less than the following minimum meter rates:

½ inch Ferrule.....	\$5 00
⅝ inch Ferrule.....	8 00
¾ inch Ferrule.....	13 00
1 inch Ferrule.....	20 00
1¼ inch Ferrule.....	31 25
1½ inch Ferrule.....	45 00
2 inch Ferrule.....	80 00
3 inch Ferrule.....	180 00
4 inch Ferrule.....	320 00
6 inch Ferrule.....	720 00

The meter or meters placed on any premises shall not be of a larger size than the service pipe attached to the ferrule supplying said premises, which size is regulated by Ordinance of Councils approved June 1st, 1871.

Charges by meter for charitable institutions shall be only for the water actually registered by the meter and at the rate of four and one-half (4½) cents for each one thousand (1000) cubic feet of water consumed. The size of the ferrule, or ferrules, granted such charitable institutions shall be restricted to the same size as would be granted to other consumers at schedule rates.

All meters shall be, and shall remain, the property of the

City. No rental shall be charged to the consumer for the use of the meter, but the consumer shall be held responsible for the safe keeping of the meter, or meters, on his premises, and shall pay for any damage thereto other than from ordinary wear and tear, or from injury by fire.

All meter rates shall be payable quarterly to the Receiver of Taxes, at his office. If any such rents shall remain unpaid ten (10) days after the receipt of the quarterly bill, the Bureau of Water shall serve a notice upon the delinquent consumer, and at the expiration of five (5) days after the serving of the notice, if the rent be not paid, the premises shall be deprived of water until all arrearages are paid. If, in disregard of this provision, the water is turned on again before the payment of all arrearages, the ferrule, or ferrules, shall be detached from the water main, and the meter, or meters, removed from the premises. The ferrule, or ferrules, shall not be reconnected, nor the meter, or meters, replaced until all back water rents are paid and the necessary permit taken out for the replacing of the ferrule, which shall include the cost of removing and replacing the meter or meters.

In the matter of a disputed bill the consumer must enter complaint within ten (10) days of date of service of bill; and if the removal of a meter is requested for a test as to its accuracy, the consumer, or his representative, must be present at the test, and if the test shows that the meter does not register in favor of the City, the complainant must pay to the City the sum of two (2) dollars.

Water Rate Penalties.

After May 31st of each year, a penalty of 5 per cent. is added to all unpaid water rents.

After August 31st, 15 per cent is added.

After October 31st, water may be shut off.

No discount is allowed on water rent bills.

Water rent bills are payable on and after February 1st.

To discontinue use of water for the ensuing year, notice must be given to the Chief Inspector before December 1st.

Grace in Payment of Interest.

Legal interest in Pennsylvania is at the rate of 6 per cent. per annum.

In the payment of interest on mortgage, thirty days' grace is allowed, prior to the expiration of which no action may be taken to collect by foreclosure proceedings.

Payment of Ground Rent.

In the payment of ground rent, no grace is allowed by law, and proceedings may be started on the day after due date.

INTEREST.

SIMPLE INTEREST.

Interest is money paid for the use of money belonging to another. The *principal* is the sum for which interest is paid.

The *rate per cent.* is the per cent. of the principal that is paid for its use for a given time, usually a year.

The *amount* is the sum of the principal and interest.

The *legal rate* is the rate established by law.

Usury is a rate that exceeds the legal rate. The penalty for usury is, in some States, the forfeiture of all interest, in others the forfeiture of both principal and interest. In a number of States, no legal notice is taken of usury.

In computing interest, a year is usually regarded as consisting of 12 months of 30 days each. Interest so computed is greater than it should be, unless the time is an exact number of years.

Rule.—To find the interest on any sum at 6%, for 20 months, or 600 days, move the decimal point 1 place to the left. For 60 days, or 2 months, move it 2 places. For 6 days, move it 3 places. The interest then on \$175.36 for 20 months is \$17 536; for 60 days, \$1.7536; and for 6 days, \$.17536.

Having found the interest for 6 or 60 days, it is easy, by operations that will suggest themselves, to find the interest for any other number of days.

To find the interest at any other per cent. than 6, first find it at 6%; then, divide it by 6 for 1%; by 3 for 2; subtract $\frac{1}{3}$ for 4%; $\frac{1}{6}$ for 5%; add $\frac{1}{6}$ for 7%; $\frac{1}{3}$ for 8%; $\frac{1}{2}$ for 9%.

EXAMPLE 1.—Find the interest of \$8,368 for 99 da. at 6%.

SOLUTION. — \$ 83.68 = int. for 60 da.
41.84 = int. for 30 da. = $\frac{1}{2}$ of 60 da.
8.368 = int. for 6 da. = $\frac{1}{10}$ of 60 da.
4.184 = int. for 3 da. = $\frac{1}{2}$ of 6 da.
\$138.072 = int. for 99 da.

EXAMPLE 2.—What is the interest at 9% of \$1,264.76 for 49 da.?

SOLUTION.—\$12.6476 = int. for 60 da. at 6%.
6.3238 = int. for 30 da. = $\frac{1}{2}$ of 60 da.
3.1619 = int. for 15 da. = $\frac{1}{2}$ of 30 da.
.6324 = int. for 3 da. = $\frac{1}{10}$ of 30 da.
.2108 = int. for 1 da. = $\frac{1}{3}$ of 3 da.
\$10.3289 = int. for 49 da. at 6%.
5.1644 = int. for 49 da. at 3%.
\$15.4933 = int. for 49 da. at 9%.

Another rule is, multiply the principal by the time reduced to days; move the decimal point 2 places to the left and divide this product by the quotient obtained by dividing 360 by the per cent. of interest.

EXACT INTEREST.

When interest is to be computed for one or more entire years at a specified rate per year, the fact that 12 months of 30 days each are usually regarded as a year does not affect the result—it is only when months and days, or days alone, become an element of the given time, that the interest is greater than it should be. The average length of a month in an ordinary year is $30\frac{1}{2}$ days, and in a leap year it is $30\frac{1}{2}$ days. A day is not $\frac{1}{365}$ of a year, but $\frac{1}{366}$ of a common year, and $\frac{1}{365}$ of a leap year. Hence, 360 days = $\frac{360}{365}$, or $\frac{72}{73}$, of a common year, and $\frac{360}{366}$, or $\frac{60}{61}$, of a leap year. By the ordinary method of finding interest, the result is either $\frac{1}{73}$ or $\frac{1}{61}$ greater than it should be.

Thus, the interest of \$7,300 for 60 days at 6%, as found by the usual method, is \$73. In equity it is $\$7,300 \times .06 \times \frac{60}{366} = \72 . That is, each \$73 interest should be \$72.

The following table will be of great assistance in determining the actual number of days between two dates. The table gives the number of days between the same dates of any two months. Thus,

	Jan.	Feb.	Mar.	Apr.	May.	June.	July.	Aug.	Sept.	Oct.	Nov.	Dec.
January . . .	365	31	59	90	120	151	181	212	243	273	304	334
February . . .	334	365	28	59	89	120	150	181	212	242	273	303
March	306	337	365	31	61	92	122	153	184	214	245	275
April	275	306	334	365	30	61	91	122	153	183	214	244
May	245	276	304	334	365	31	61	92	123	153	184	214
June	214	245	273	304	334	365	30	61	92	122	153	183
July	184	215	243	274	304	335	365	31	62	92	123	153
August	153	184	212	243	273	304	334	365	31	61	92	122
September . .	122	153	181	212	242	273	303	334	365	30	61	91
October	92	123	151	182	212	243	273	304	335	365	31	61
November . .	61	92	120	151	181	212	242	273	304	334	365	30
December . .	31	62	90	121	151	182	212	243	274	304	335	365

to find the number of days between Mar. 12 and Sept. 12 of any year, we find opposite Mar. in the left-hand column and in the column

headed Sept. the number 184, the required number of days. Had it been required to find the number of days between Mar. 12 and Sept. 25, we should have found the number of days between Mar. 12 and Sept. 12, or 184 days; then, subtracting 12 from 25, the difference, 13, must be added to 184, obtaining 197 days, the number of days between Mar. 12 and Sept. 25. Had it been required to find the number of days between Sept. 25 and Mar. 12, we should find opposite Sept., and in the column headed Mar., 181; then, subtracting 12 from 25, we subtract the difference from 181, because 181 days is the number of days between Sept. 25 and Mar. 25, instead of Mar. 12, which occurs 13 days earlier. Hence, there are $181 - 13 = 168$ days between Sept. 25 and Mar. 12. Had Mar. 12 occurred in a leap year, there would have been 1 day more, or 169 days between the two dates, on account of Feb. 29.

The table will also be useful in those cases where a certain number of days is to be added to a given date. Thus, to find the date of 90 days after Feb. 18, we see, on referring to the table, that 89 days after Feb. 18 is May 18; hence, 90 days after Feb. 18 is May 19, or, if it is a leap year, May 18. Again, 127 days after Feb. 19 is June 26; because, referring to the table, 120 days after Feb. 19 is June 19, and $127 - 120 + 19 = 26$.

If it is desired to subtract a certain number of days from a given date, the process is simply reversed. To find, for example, the date 120 days previous to Sept. 21, we look down the column headed Sept. and find opposite May the number 123; hence, from May 21 to Sept. 21 is 123 days, and, therefore, from May 24 to Sept. 21 is 120 days.

COMPOUND INTEREST.

If the interest of a principal is added to the principal at regular intervals, to form by each addition a new principal for the next interval, the resulting interest is called compound interest.

Thus, if \$100 be placed at compound interest at 6%, with the understanding that the interest is to be compounded annually, the principal will be \$100 for the first year, \$106 for the second year, \$112.36 for the third year, etc.

Most saving banks allow compound interest, although in most States its payment cannot be legally enforced, even though it be specified in a contract.

Unless otherwise stated, interest is understood to be compounded annually. If it be compounded semiannually, one-half the annual rate is taken as the rate; if quarterly, one-fourth the annual rate is taken, etc.

When the time is given in years, months, and days, the interest is compounded for the greatest number of entire periods included in the time, and the simple interest of the last principal is found for the remaining time.

EXAMPLE.—Find the compound interest of \$800 for 1 yr. 9 mo. 20 da. at 6%, interest compounded semiannually.

SOLUTION.—\$ 800 = prin. 1st 6 mo.
24 = int. 1st 6 mo. = \$800 × .03.
 \$ 824 = prin. 2d 6 mo.
24.72 = int. 2d 6 mo. = \$824 × .03.
 \$ 848.72 = prin. 3d 6 mo.
25.46 = int. 3d 6 mo. = \$848.72 × .03.
 \$ 874.18 = prin. for 3 mo. 20 da.
16.03 = int. for 3 mo. 20 da. = \$874.18 × .06 × $\frac{11}{16}$.
 \$ 890.21 = amt. for 1 yr. 9 mo. 20 da.
800 = original prin.
 \$ 90.21 = comp. int. for 1 yr. 9 mo. 20 da.

EXPLANATION.—In 1 yr. 9 mo. 20 da. there are three complete periods of 6 mo. each, and 3 mo. 20 da. besides. Since the annual rate is 6%, for 6 mo., the rate per cent. is 3%. Finding the interest at 3%, and adding the principal for these three periods, gives \$874.18. The amount of this sum for the remaining 3 mo. 20 da. is \$890.21, from which we subtract the original principal. The remainder, \$90.21, is the required compound interest.

Compound interest is calculated in actual business by means of a table. The table shows the amount of \$1 at all the different rates, and for all the different times that are likely to occur. Having the amount of \$1 at any given rate and for any number of periods, we multiply it by the number of dollars in any given principal. The result will be the amount of that sum for the given time. If the original principal be subtracted from this amount, the remainder is the compound interest required.

A Plain Form of Lease.

This writing witnesseth that.....
 do hereby let unto.....
 the premises
 for the term of.....from the.....
 day of.....A. D. one thousand nine hundred.....
 at the rent of.....per.....
 payable in.....payments..... the
 first payment to be made on the.....day of.....
 A. D. 19 , and the said Lessee doth hereby covenant and
 promise to pay to the said Lessor the said rent, in the pro-
 portions and at the times aforesaid; and the said Lessee shall
 and will not assign this lease; nor underlet the premises or any
 part thereof, nor occupy or use the same in any other manner
 than as a.....without the consent
 and approbation in writing of the said Lessor first had for
 that purpose; and at the expiration of said term, shall yield up
 and surrender the possession of said premises, with the appur-
 tenances, unto the said Lessor in the same good order and
 condition as the same now are, reasonable wear and tear and
 accidents happening by fire or other casualties excepted, and
 with all ashes or other rubbish removed therefrom.

And the said Lessee hereby agree that all the personal property on the premises shall be liable to distress, and also all the personal property if removed therefrom, shall, for thirty days after such removal, be liable to distress, and may be distrained and sold for rent in arrear or gas bill unpaid, the said Lessee hereby waiving all the right to the benefit of any laws now made, or hereafter to be made, exempting personal property from levy and sale for arrears of rent. It is also agreed that this waiver shall extend and be applicable to process issued in any and all suits, actions or proceedings, for the collection of rent due and in arrear, or for gas bill unpaid, or for damages for the non-fulfillment of any of the covenants herein contained; and it is hereby further agreed that in the event of any distraint, suit, or action in ejectment, a collection fee of five per cent. shall be added to and collected as a part of the costs of such proceeding. And if the said Lessee shall violate any of the covenants herein contained, then the said Lessor shall have the power, hereby, to terminate this lease, and any attorney may immediately thereafter, as attorney for the said Lessee sign an agreement for entering, in any competent court, an amicable action and judgment in ejectment (without any stay of execution) against the said Lessee and all persons claiming under.....for the recovering, by the said Lessor, of possession of the hereby demised premises, for which this shall be a sufficient warrant; and the said Lessee hereby release to the said Lessor all errors and defects whatsoever, in entering such action or judgment, or in any proceeding thereon, or concerning the same, and hereby agree that no writ of error, or objection, or exception, shall be made or taken thereto. No such determination of this Lease, nor taking or recovering possession of the premises, shall deprive the Lessor of any action against the Lessee for the rent or for damages. All rights and liabilities herein given to or imposed upon either of the parties hereto, shall extend to the Heirs, Executors, Administrators, Successors and Assigns of such party. It is hereby further agreed, that if the said Lessee should continue on the above-described premises after the expiration of the above term, then this contract is to continue in full force for another.....and so on from.....to.....until either party shall give the other.....notice in writing before the end of any term, of an intention to terminate the same.

In witness whereof, the said parties hereto have interchangeably set their hands and seals, the.....day ofA. D. one thousand nine hundred.....

PAINT YOUR PROPERTY

PAINTING is one of the best investments a property owner can make, if good material is used properly.

We've been at it for years, and know what to use and how to use it, and we also know how to charge for it so you will get the best work for the least cost.

OUR SIGN WORK IS LIKE OUR
HOUSE WORK—WELL DONE.

 East Huntingdon—W. fr. Richmond, ab. Cumberland, to American.

Bricklaying

IS becoming more important to the property owner, because the demand is for buildings that are permanent and fireproof.

As lumber becomes scarce and high, brickwork becomes cheaper by comparison.

Your order will receive prompt attention whether large or small, and the charge will be right.

BRICKWORK IN ALL ITS BRANCHES
POINTING NEATLY DONE

IS THE MAN WHO CAN SAVE
THE PROPERTY OWNER MANY
A DOLLAR BY MAKING THE
"STITCH IN TIME SAVE NINE."

Do not allow your
woodwork to go
until it breaks
down entirely and
takes more with it.

Jobbing promptly and carefully attended to,
and the charge is only for what you receive.

Theo. Helsengreen

4049 Olive Street

Residence—4618 Brown St., Philadelphia, Pa.

THE Advertising THAT PAYS BEST

Is that upon which the most skill and care have been expended.

Those who study advertising will recognize the value of an advertisement in PROPERTY OWNER'S HANDBOOK because it contains the elements of success.

They are

- 1st A practical idea.
- 2nd Care in preparation.
- 3rd Selection of a medium by which you reach the most possible customers at least expense.
- 4th Systematic distribution.

Every point that helps to make printed matter and advertising successful is thoroughly worked out by us. We want a chance to prove it to you. Give us a trial order.
